EXCURSION BROUGHT SEVERAL THOUSAND VISITORS TO CORPUS

LARGE NUMBER FROM WEST, NORTH AND CENTRAL TEXAS.

SIXTY Bathing the Chief Entertainment Hotels and Rooming Houses all Filled.

It is estimated that there were fully 500 visitors in Corpus Christi Sunday. Sunday was one of the heaviest days of the excursion season and the exact number of visitors coming here from different sections of the State was estimated at various figures, the most generally accepted being 5000. Special trains over the Frisco, Map and connecting roads brought the larger number of excursionists here, but many arrived by the regular trains.

This is the first popular excursion route to Corpus Christi this summer from West, North and Central Texas. The largest number of visitors here Sunday came from these sections. Tickets being sold for a three-day limit in Corpus Christi. Besides this special excursion the regular week end excursion from San Antonio and intermediate points brought a large number of visitors.

There had been no special attraction provided for the visitors. The one salient feature was Corpus Christi's unusual and interesting surf. This attraction very fails to please the inland residents and the visitors lose no time in donning a bathing suit and becoming initiated into the pleasure of the surf. There was not an hour during Sunday and yesterday when there was not a steady number of bathers splashing, rolling and swimming in the surf.

Many of the visitors made their first visit to Corpus Christi and have taken advantage of this opportunity to view the city and surrounding country with a view of locating here. One of the best pros of the excursion is known as the railroads who to advertise Corpus Christi by bringing a large crowd to the South Texas coast. Many of the souvenirs sold are well phrased that they are prolonging their visit and will not return with the regular excursion party tonight. Many of the visitors departed for their homes yesterday and last night, but those coming long distances are still here.

With the arrival of the first special train of excursionists on Saturday afternoon it looked like there would not be hotel and rooming house accommodations for the large crowd. The hotels were quickly filled and all the rooms available were brought into use. But the rooming houses with hundreds of rooms provided enough accommodations for all. The visitors seemed to have a happy bunch and are apparently enjoying their visit to the Navel of the Gulf.

BIG CROWD HEARD CONCERT

Power was formerly the "Chimp" from Dallas, but recently lost the title in a contest at Juarez with Chay M. Gomberg of San Angelo. He has spent a great deal of his time on a ranch in Mexico and during a raid a few months ago by Orozco's rebels who were on a cattle thieving expedition, he received a bullet through his right hand. He attributed to this injury his loss of the title as champion roper.

COUNTY COMMISSIONERS MET YESTERDAY MORNING.

Large Amount of Business of Routine Nature Before Commissioners' Court.

Commissioners court met again yesterday morning at 8 o'clock at the county court house, for the regular August term. After having met on Monday, August 12, and after a brief session adjourned for one week. Only routine business was transacted at the first meeting.

Yesterday the commissioners had a full docket of business and were in session during the entire day. They will be busy again today and will probably hold over until tomorrow.

One of the most important matters which was brought before the body yesterday was the resignation of County Attorney Frank J. Olson. Mr. Olson had presented his resignation on August 12, but the matter was not voted upon by the commissioners until yesterday morning. Mr. Olson stated among his reasons for presenting his resignation, that he expected to be out of the city during September and a part of October. The resignation of Mr. Olson was accepted by the commissioners to be effective as soon as his successor, which was not named yesterday, qualified for the office. No indication was given by the commissioners of who would succeed Mr. Olson as county attorney until the regular session this fall at which time the office will be filled by election.

The commissioners yesterday morning increased the returns of the recent election held in Nueces county to decide if a road and bridge tax of 10 cents on the \$100 property valuation should be assessed. It was found that the vote of the county was against the road tax, those opposing having won by a majority of 29 votes. The vote throughout the county was light and in some of the precincts no election was held at all.

One of the features of the election was the vote of Port Aransas. Although Port Aransas is on an island, with no outlet for roads, the vote there was a majority for the road tax. The defeat of the road tax is due to the position which was shown at Kingsville and Bishop. Kingsville went against the road tax by a majority of 16 votes and Bishop by 20 votes.

The precincts in the city and county not holding an election on the road tax were Ward Four in Corpus Christi, Nueces, Agua Dulce and Bishops. The results of the voting in the different precincts was as follows:

For April	Against
Ward 1, Corpus Christi	17 12
Ward 2, Corpus Christi	8 9
Ward 3, Corpus Christi	41 63
Ward 4, Corpus Christi	28 7
Precinct No. 6, Fairview	6 5
Precinct No. 7, Timon	6 5
Precinct No. 8, Nueces	2 3
Precinct No. 12, Banquete	9 0
Precinct No. 13, Riviera	21 8
Precinct No. 14, Kingsville	17 62
Precinct No. 15, Bishop	8 25
Precinct No. 16, Holstein	20 16
Precinct No. 17, Goliad	19 4
Precinct No. 18, Runaway Bay	5 8
Precinct No. 19, Brighten	6 7
Precinct No. 20, Port Aransas	11 7

Total 209 229

Those present at commissioners court yesterday were: Judge W. F. Timon, W. H. Hull, T. M. Lawrence, C. C. Wright, W. H. Young.

Reports Rain at Holstein.

Mrs. Grace Mitchell, agent of the Suburban Barber, spent yesterday in the city on a brief business visit. Mrs. Mitchell stated that there had been a rainfall rain there within the last two days and that the crops and pastures are greatly refreshed from the precipitation. She reports that the soil at Holstein have been very heavy grazing country and that the yield in that state would be good. She also says that Holstein is progressing rapidly upward and much improving it is believed.

Those making the trip were Clark Pease, August Uhlmann, J. E. Garrett, E. H. Caldwell and Edwin Flato. The party visited Houston, Dallas, Fort Worth and Shreveport, La.
